

Global Politics, Gender, and (In-)Equality

LECTURE SERIES, WINTER TERM 2025/2026

selected Thursdays, 14.15 – 15.45 pm, online via Zoom

The lecture series unpacks the complex entanglements of global politics, gender, and (in-)equality in contemporary societies. Renowned international scholars address how power structures and struggles shape and are shaped by intersectional sexual politics, gendered experiences and identities. From hate speech and anti-gender movements to postcolonial feminist resistance and queering human rights, the speakers critically explore how (in-)equality is constructed – and how it is contested.
